ELEMENTS ELITE COMPETITIONS

Competition Information - 2026/27 Season

Due to the incredible demand for this year's competitions, several events sold out within just one hour of launching. As a result, there have been some changes to the competition schedule and events for the 2026/27 season.

We appreciate that competition changes can sometimes be unexpected, and we have worked carefully to ensure that each team has a suitable competition pathway for the season ahead.

Please see the following pages of this competition pack for details of each team's allocated competitions, along with the confirmed competition prices.

Competition Attendance

Athletes who are members of competitive teams are expected to attend all competitions allocated to their team.

Competition attendance is an important part of being a member of a competitive team. Teams train specifically towards their competitions, and every athlete plays an important role in their routine and the overall team performance.

Please ensure you carefully check your team's competition dates and make a note of them in your calendar.

Competition Day Requirements

Athletes must arrive at competitions fully prepared and ready to compete.

All athletes are required to arrive:

- In their full competition uniform
- With hair completely styled and competition-ready
- With competition make-up fully completed
- Wearing suitable cheerleading trainers
- With all required personal belongings and competition essentials

Athletes should arrive looking competition-ready so that the team can focus on warming up, preparing and getting ready to perform as soon as they arrive.

Thank you for your continued support and commitment to your athlete and their team. We are so excited for the 2026/27 competition season and cannot wait to see our teams take the floor!
